

## The Final Frontier: Tracking High School Graduates in College Survey Directions

In your packet you will find the New York Times Editorial, *High School's Last Test*, an Apperson Scan Sheet, and The Final Frontier – Tracking High School Graduates in College Survey.

We will be working with the Apperson Scanner to gather survey data.

**Read the NY Times Editorial.** Then use the Apperson Scan Sheet to bubble in your answers to the survey questions. The survey is anonymous. Therefore, no other information is required to appear on the scan sheet.

Questions 2 through 6 require that you supply an answer of either Yes or No. If you choose to answer Yes, bubble in answer choice 1 on the scan sheet. If you choose to answer No, bubble in answer choice 2 on the scan sheet.

Questions 1, 7, and 8 are opinion questions. You may bubble in the answer choice (1 through 4) that best expresses your opinion.

During the session, the survey results will be provided for discussion purposes.

Thank you!
